1.0 - 3.0 HP

Ceiling Cassette  
1.0 - 5.0 HP

### Go Clean Basic

Half set (Indoor only) chemical cleaning

Wall Mounted  
1.0 - 3.0 HP

Ceiling Cassette  
1.0 - 3.0 HP

## What to expect

You can identify Certified Go Clean technicians with Authorised Service Providers vest with Daikin logo.

For your peace of mind, match your security code on the Go Daikin app with the Go Clean technician.

Before cleaning process starts, technician will start to cover surrounding areas to keep it clean.

After covering the surroundings, technician will start to dismantle the air filter, casing, blower and control box.

After dismantling, technician will hang a cover over the aircond.

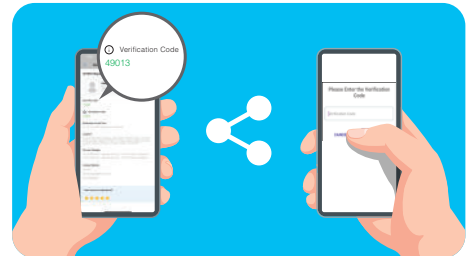

Alkaline-based chemical will be applied on the coil to wash off dirt and bacteria.

The air filter, casing and blowers will be washed externally.

Once all parts are done cleaning, technician will assemble the aircond unit and clean up the surrounding area.

Once the job is complete, technician will ask for the verification code to close the job.
